

ROBERTS' ADVANCE ON TO PRETORIA

No Doubt But That the British Force Is Marching North.

CENSOR GIVES WARNING

Report That a Big Battle Is Raging at Glen, North of Bloemfontein.

NATIVES ON THE WARPATH

Cape Town, April 20.—[Special Cablegram].—The official controlling the censorship here have notified the correspondents of a practical suspension of all telegrams during the operations now begun. The above dispatch is significant in that it confirms the belief prevalent in London two days ago that Roberts advance towards Pretoria has begun. The engagement reported at Glen, where the British hold the dam, is another confirmatory straw.

London, April 20.—[Special Cablegram].—A dispatch from Bloemfontein dated Thursday reports that the British are fighting the Boers at Glen twenty miles north of Bloemfontein. This is taken as an indication of the contemplated advance upon Roberts, but heavy rains are preventing serious operations. Gen. Hunter, taken from Buller's forces has arrived at the Orange capital.

Rhodes Returns to Africa.

London, April 20.—[Special Cablegram].—Cecil Rhodes sails for South Africa tomorrow. The object of his speedy return is a profound mystery.

Wiped Out a Whole Tribe.

Accorn, Gold Coast, April 20.—[Special Cablegram].—A message from the interior says the rebel natives have nearly wiped out the Bekwais, a loyal tribe. It is reported that six hundred were killed in the engagement. The surviving Bekwais joined the rebels.

RAIN DELUGE HALTS THE ARMY

British Forces in the Free State Are Rendered Helpless.

London, April 20.—A deluge of rain, lasting ten days, has brought the operations in the southeastern part of the Free State almost to a standstill. The creeks have become roaring rivers and the roads are streams of mud. A singular message, dated Bloemfontein, April 19, 10:55 a. m., and beginning "via press censor, Bloemfontein," reports an exchange of shots in the direction of De Wet's Dorp, where the Boers are said to be concentrating "after their withdrawal from Weperner." There is nothing else to indicate that the investment of Weperner has been abandoned by the Boers. Notwithstanding the rain, however, the British have made some progress, as De Wet's Dorp has been occupied by them, probably by the advance of Gen. Rundle's division. De Wet's Dorp is about twenty-four miles from Weperner. An obscure message from Aliwal North, dated April 19, says that Gen. Brabant has arrived there, but whether he returned alone or with his troops is not clear. Boer advices from Aliwal North aver that from 3,000 to 10,000 Boers are at Weperner.

Extended reports of the Bloemfontein concert for the benefit of the widows and orphans have been cabled. No less than seven separate accounts have been published in London. The concert, the weather and the bare statement that Lord Roberts is ready to move are about the only things that the censor has allowed to pass, and the correspondent who announces that Lord Roberts is ready to move does not specify the direction in which he is going.

The Bloemfontein correspondent of the Morning Post, telegraphing says: "This city of canards has been breeding impossible peace rumors during the last few days. Everybody now awaits eagerly the announcement of a renewed advance. The latest arrivals of remounts show an improvement on the earlier arrivals."

Twenty-five miles of hills are held by large forces of Boers north of Gen. Buller's position in Natal, and Gen. Louis Botha is reported to be in personal command of this army. Being a native of Natal and master of its topography, he is expected to conduct a strong defense of the Biggarsburg in case Gen. Buller undertakes to dislodge the Boers before their position becomes untenable owing to developments in the central part of the theater of war.

PATTON LIKES THE CREED

Believes Agitation by the Presbytery Is Not Necessary.

Princeton, N. J., April 20.—President Patton gave out for publication last night the following statement giving his definite views on the revision of the Westminster confession of faith: "If the Presbyterian church ceases to

be a Calvinistic church it will not need the Calvinistic creed. If the Presbyterian church is a Calvinistic church, as I believe it to be, then there is no need of revising the confession of faith. The creed needs no revision. No church member is required to subscribe to the creed at all. No minister is required to sign the creed in ipseismo verbis. The confession of faith is a very good expression of the Calvinistic system of belief. Agitation on this subject is entirely unnecessary in my judgment."

HAKER HIGH KING CLUB

Were Entertained Last Evening by Mr. and Mrs. George H. Palmer

Members of the Haker High King club were entertained last evening by Mr. and Mrs. George H. Palmer at their Milton avenue home. Supper was served at 7 o'clock followed by card playing. First prizes were awarded to Mrs. Otto E. Smith and Charles W. Schwartz. The consolation prizes were carried off by Mrs. M. D. Taylor and Otto E. Smith.

AMENDMENT TO THE CANAL BILL

Sections to Which There Have Been Strong Objections Stricken Out by House Committee.

Washington, April 20.—[Special Cablegram].—The house committee of commerce today adopted amendments to the Hepburn Nicaragua canal bill with the purpose of meeting the objections raised to the original provisions in antagonism to the Hay-Pauncefote treaty.

In the first section the words "defend a canal" were changed to "protect a canal."

As it now stands the section provides that the president may acquire from Costa Rica and Nicaragua control of territory upon which to "excavate, construct and protect a canal from Greytown to Breto."

In the second section the words, "such fortifications for defense as will be required" are replaced by "such provision for defense as may be necessary."

The amendments offered by Chairman Hepburn and adopted by the committee only under protest and because it was understood that they would lead to the securing of a day for the consideration of the bill.

WELLINGTON MAY BOLT M'KINLEY

Maryland Senator Will Not Stand For Colonial Tariff or Retention of Philippines.

Washington, April 20.—[Special Telegram].—Senator Wellington of Maryland announces that he cannot support McKinley's re-election if the Philadelphia convention endorses a colonial tariff and the retention of the Philippines. Although a republican all his life and a member of the national committee, Wellington has been out of line with his party for some time. He declares that Maryland will not give its electoral votes to the republican ticket if the administration policy is insisted upon.

STRAWBERRY CROP OF TEXAS LARGE

Berries Are Unusually Big and the Yield Is Enormous—Large Shipments North.

Galveston, Tex., April 20.—The strawberry crop of South Texas is wonderfully large. Several of the small towns between Galveston and Houston are shipping to St. Louis at the rate of a solid carload a day from each town.

The berries are unusually large. Generally large berries are in demand, but this season there is such plethora of big berries that the Northern dealers are how asking for small berries. Weather conditions have made the crop late but improved the quality of the fruit and made the yield immense.

Every man, woman and child in the coast country is busy picking, but can not gather the fruit as fast as it ripens.

THAT EASTERN STAR HOME

Project Being Pushed by the Members of the Order.

Milwaukee, April 20.—A meeting to consider the project of building an Eastern Star home in Wisconsin is to be held Monday evening at the home of Mrs. J. W. Laffin. It is expected that there will be present Mrs. Nellie M. Tower of Viroqua, Miss Anne Philips of Mineral Point, Mrs. Elizabeth Little of Portage, and Frederick Ring of La Crosse, who were appointed with Mrs. Laffin to formulate plans for this project at the last annual convocation in this city of the Order of the Eastern Star of Wisconsin.

The home is intended as an asylum for worthy superannuated members of the order, its cost and location being left for future determination.

Mrs. FRANK VANCE and Miss Florence Young of Brodhead, spent the day in this city.

PORTO RICO BILL WILL BE AMENDED

SERIOUS DEFECT IN IT WITH REGARD TO FRANCHISES.

Chairman Cooper is in Favor of Correcting the Measure—Dangerous Power Is Given—However Safeguards Must Be Provided at Once to Check Monopolies.

Washington, April 20.—A serious defect in the Porto Rican bill recently passed has been discovered, and efforts are now being made to remedy it as quickly and efficaciously as possible.

This defect applies to the almost unlimited power in the hands of the executive council of the island government in the matter of granting franchises. The executive council consists of eleven men, of which six will form a majority.

Control Giving of Franchises.

According to the bill, six of the council shall be citizens of the country and five native inhabitants of Porto Rico. The majority of the council will therefore control the franchise-granting power, and, irrespective of who these men may be, there is but one opinion among the lawmakers here about such a policy. Leading members of the senate and house were busy today in investigating this matter. They agreed that the entire idea is diametrically opposed to the theory and intentions of the government of the United States and immediately started to work to formulate a scheme for remedial legislation.

As Chairman Cooper Views It.

Chairman Cooper of the insular committee, pointed out that land monopolies could go ahead and operate so as to obtain claim on every foot of soil in the island; that stocks could and would be watered, and bond dividends would be liberally scattered. "The people of the island would soon not have a foot of land to stand on" is the way he put it, "and the range of possibilities as to the operations of corporations and trusts cannot be estimated."

The most popular suggestion provided for an amendment to the present laws whereby certain restrictive provisions shall be added to prevent corporate abuses in the granting of franchises.

Such a Thing Unheard Of.

"Restrictions that will absolutely prevent any abuse of corporate power must be had to fill in the gap of the law," said Mr. Cooper. "I do not care to go on record as favoring any one of the suggestions made here today, but generally speaking I hold that to give unrestricted power to a few men in matters of such gigantic importance is beyond the scope and theory of our laws."

"Such a thing is unheard of in any of our states, and while Porto Rico is in a class by itself, the fact remains that no such authority should be delegated to a small set of officers, irrespective of how honest and upright these officers will be."

ALL SUPPORTERS OF BOB LA FOLLETTE

Dane County Republican Conventions Held Yesterday Were in Most Perfect Harmony.

Madison, Wis., April 20.—Perfect harmony marked the republican county convention and the three assembly district conventions held here yesterday. None of the conventions adopted any resolutions but motions were carried instructing the delegates to vote as a unit at both the state and the congressional convention.

The delegates to both conventions are with scarcely an exception strong supporters of ex-Congressman Robert M. La Follette. The venerable La Follette champion, Gen. George E. Bryant, member of the republican state central committee, was the guiding genius of both his district and the county convention. He is chairman of the delegates to the state convention from his district and he headed a special committee on his motion to select the delegates to the congressional convention.

The delegates to the state convention will vote for Isaac M. Stephenson and Senator J. H. Stout for two of the four delegates at large to the national convention. Their choice for the other two delegates will probably be Chairman J. B. Treat, of the state central committee and H. J. Luedtke of Milwaukee.

The delegates to the congressional convention which meets at Watertown, April 24, will vote for A. A. Porter of Portage for one of the two district delegates to the national convention. This insures Porter's election.

BRODHEAD BOY IS DROWNED

Seven Year Old Son of Wayne E. Doolittle Suffers Death.

Brodhead, Wis., April 20.—Wayne E. Doolittle, the seven-year-old son of Mr. Claude Doolittle, was drowned in the race Wednesday evening. The little fellow had taken supper with his grandparents, and later was playing upon the race bank near their home. He was first missed at 7:30 a. m. and being able to get no trace of him it was decided to draw the water from the race. Drs. Owen and Stephenson found the body yesterday morning about 4 o'clock about ten rods below his grandfather's home. He was an unusually bright and handsome boy and the entire community is saddened by his untimely death.

TAX COMMISSION WILL MEET MAY 15

RAILWAY PRESIDENTS AND OTHERS INVITED.

Different Systems of Taxation To Be Discussed and All Phases of the Question to Be Considered—Dewey May Visit Milwaukee—The Flood Is Receding.

Madison, April 20.—The state tax commission will hold a meeting at Madison on May 15 for the purpose of hearing authorities upon the subject of railway taxation. A hearing will be given railway representatives and others and it is expected that the subject will be gone into at considerable length. Such a large attendance of railway people and others is expected that the commission believes its office will not be large enough to accommodate the crowd. For that reason the hearing will be held in the senate chamber. This is the first session of the kind which the tax commission has announced, and it will likely be followed by other such public hearings.

Barney and Otis Confidential.

Milwaukee, April 20.—The renomination of Congressman Barney was assured today when he carried the two country districts of Sheboygan county against Colonel Born, the local candidate. This will give Mr. Barney the Sheboygan county delegates which with Washington and Ozaukee counties and the delegates he will get from Milwaukee county gives him a majority. Congressman Otis of the Milwaukee district has given his opponents an idea of what a real fight is since his return from Washington and there is little doubt of his renomination when the convention meets next week.

Dewey To Be In Milwaukee

Within two weeks, it is not unlikely, Admiral George Dewey will be in Milwaukee. If he is, his host will be the Milwaukee Musical society, which will celebrate its golden jubilee with elaborate festivities on May 1, 3 and 5. Admiral Dewey will leave Chicago May 3 and there is good reason to believe he will come to this city before heading southward. The reason for this belief is set forth in a letter from Senator Quarles, read at the festival committee meeting last evening, and the committee were pleased beyond measure.

Carl Schurz on April 28

The acceptance of Carl Schurz of an invitation to be present on the evening of May 1 at the Pabst theater concert, was also read. It was announced that Mr. Schurz would arrive in the city on Saturday, April 28, accompanied by his daughter.

Flood Is Receding

Wausau, Wis., April 20.—The crest of the flood passed this morning, and there has been a fall of several inches. All the bridges that were in danger held, and the pecuniary damage in this city and vicinity was only about \$8,000.

GATES MAY LOSE HIS OFFICIAL HEAD

Directors of the Wire and Steel Combine Looking Into His Actions Today.

New York, April 20.—[Special Telegram].—Definite action regarding the doings of Chairman Gates of the American Steel & Wire Co., is expected at the meeting of the directors of the company who went into session at 11 o'clock in the Empire building today. It is expected some resignations will be offered. The Anti-Gates element has taken a very determined stand.

At 1:15 o'clock the steel and wire men were still in secret session. Absolutely nothing regarding the deliberation has leaked out. It is generally agreed that nothing will be given out until the close of the stock exchange this afternoon.

DAMAGE BY FLOOD IN LOUISIANA

Farm Property and Cotton Mills Are Suffering Most—Strawberry Crop Is Ruined.

New Orleans, April 20.—[Special Telegram].—The flood damage is increasing rapidly. Farm property and the cotton mills are suffering most. The strawberry crop in many places in Louisiana is ruined, and in others cannot be shipped for want of trains. The first through passenger on the Illinois Central reached this city this morning laying four days near Jackson, Miss.

GRAND RUSH FOR NOME GOLD FIELDS

Estimated That Over Fifty Thousand Prospectors Will Go There This Summer.

San Francisco, April 20.—[Special Telegram].—All available passenger accommodations to Cape Nome have been engaged of prospectors who are reselling the tickets at 50 per cent. profit. Every kind of old hulks are being fitted up, some of which it is feared will never reach their destination. It is estimated fifty thousand prospectors will leave for Nome before the summer is over.

M'KINLEYS VISIT PATERSON

President and His Wife the Guests of Mrs. Garrett A. Hobart.

Paterson, N. J., April 20.—President and Mrs. McKinley, Mrs. Hobart, widow of the late vice president, her son, Garrett A. Hobart, and the president's secretaries, Cortelyou and Barnes, arrived here yesterday afternoon.

As the train passed Park avenue it slowed down, and the president appeared on the platform and bowed repeatedly to the great crowd which assembled there and which cheered enthusiastically. The party alighted from the car at the Broadway station.

The president and his wife will be the guests of Mrs. Hobart until Saturday morning, when they will leave for New York. Tonight they will probably attend the fair at the armory.

CUPID VERY BUSY IN INDIANA

Twenty Elopement Couples Married One Day at Jeffersonville.

Jeffersonville, Ind., April 20.—Twenty elopement couples were married here yesterday. Among them were teacher and pupil, James F. Willis and Miss Vera Chasecock of Bradfordville, Ky., and blind man and his bride, P. G. Sandford and Miss Nellie Connelly of Louisville, Ky.

University Republican Club.

Madison, Wis., April 20.—The University of Wisconsin Republican club held a rousing meeting in the assembly chamber of the capitol last evening. President H. H. Thomas of Darlington called the meeting to order and introduced Col. E. B. Gray of the adjutant general's office, whose inspiring speech was enthusiastically received by the 150 students present. There was a spirited contest for the presidency of the club, the successful candidate being Emerson Eia of Rochester.

MURDER AT ASHLAND

Ashtand, Wis., April 20.—The police are searching the surrounding region for a negro who is believed to be the murderer of John Taggart, who was found dead yesterday morning in a ravine in the west end of the city. The negro was seen with Taggart last night at 12 o'clock and the circumstances point to murder with robbery as a motive.

REPUBLICANS PUT UP SIBLEY

Man Who Wanted to Run With Bryan In 1896 Leaves His Party.

Bradford, Pa., April 20.—Joseph C. Sibley, who was elected to congress by the democrats at the last election and who lately announced on the floor of the house that he would hereafter act with the republicans, owing to the democratic opposition to the gold standard and expansion, was yesterday nominated for congress by the republican convention of this the twenty-seventh district. He had no opposition, it being understood that the Quay forces are supporting him in his new affiliation.

Mr. Sibley first gained national celebrity as an eastern millionaire who sought nomination for the vice presidency on the democratic ticket with William J. Bryan in 1896.

He was then a strong free silver man, but now takes the ground that the enactment of a gold standard law has eliminated the money issue. Moreover, he acknowledges that he was in error when he supported the free coinage campaign.

INDICTMENT OUT AGAINST TAYLOR

Grand Jury Reported To Have Found a True Bill.

Gov. Taylor, Who Is Now in Washington, Advised to Keep From Home.

GETS HOT IN KENTUCKY

Frankfort, Ky., April 24.—[Special Telegram].—There is apparently no doubt that the grand jury has indicted the republican governor Taylor as accessory to the murder of Goebel. The indictment is said to be in the hands of Judge Cantrill who gave orders to suppress it until the bench warrant is served. Taylor is in Washington and the wires were kept hot last night and this morning with messages advising him to remain away at least for the present. Attorneys for the prosecution and defense in the assassination case have agreed that the trial at Paris will probably be at the next term of court.

ATLETIC DAY AT STATE FAIR

Wisconsin Agricultural Society to Conduct Track Meet in September.

Milwaukee, Wis., April 20.—The Wisconsin Agricultural society will devote one day to athletics during the state fair next September, and it is probable that a Saturday will be set apart for a track and field meet at state park, at which the leading athletic associations and high schools in Wisconsin will participate.

With this prospect in view the Milwaukee Athletic club has decided to abandon its annual track meet during the summer, and co-operate with the day. The majority of the field events will be culminated from the program, and the afternoon set apart almost exclusively for sprints and relay races which have become popular with the high school athletic associations.

CHIMNEY FELL ON LADDER

One Fireman Was Killed and Another Seriously Injured.

## PROPOSE A NEW ROCK COUNTY TOWN

REIDVILLE PROBABLY ON NEW  
MILWAUKEE ROAD.

Rivalry on Over the Site in Southeast-  
ern Part of the County—New Vil-  
lage Board of Clinton—Creamery  
Receipts and Disbursements—Clin-  
ton News Notes.

Clinton, April 20.—Clinton merchants, it is said, are looking forward to a possible station and town to be built in Bradford on the new line of the Chicago, Milwaukee & St. Paul R'y. Wilkins & Hamilton are ready, it is inferred from statements accredited them, to open up a branch store as soon as a location is decided upon. Speculation is rife as to whether the station will be located on the farm of Jerome Boynton, one mile north of Emerald Grove, or on the Reid farm, a mile and a half west of Bradford Center. Boynton is disposed to be liberal with the company, should his place be chosen. On the other hand, Archie Reid of Janesville, owner of the Reid farm, offers to give, it is reported, the sum of \$1,000 in cash and also donate the land in order to get the station on his farm. Emerald Grove people, of course, are very anxious that the former site be selected, and in that event it is believed the town would in time be drawn to that place. However, disinterested persons are of the opinion that the Reid farm is the better location, as it will accommodate a larger farming territory. If but one stop is made between Allen Grove and Janesville there is no doubt but what Reidville or some other equally appropriate name, will be the new town to be built in Rock county.

The Clinton creamery received 223, 223 pounds of milk during the last half of March. The dividend paid the farmers was \$2,127.46, average price of milk was 95 cents. Butter fat .242 cents. The total expenses of the factory for the two weeks was \$162.41.

The new village board met for the first time Monday evening and appointed the following committees: Finance and lights, C. L. Hanson, Parley Isham; ordinance and by-laws, A. Nussbaum, W. L. Bruce; license, W. L. Bruce, C. L. Hanson; streets and waterworks, Geo. Snyder.

We understand that S. G. Lake of the firm of Watts & Lake has sold out his interest in the meat business.

One of the daintiest luncheons ever given in Clinton was served by Mrs. Frank Hammond to twenty lady friends Tuesday afternoon at 1:30 o'clock. Those present are enthusiastic in praise of Mrs. Hammond as a skillful and charming entertainer.

A. Woodard is building a barn in the T. W. Tuttle farm 40x60 feet in size.

Mr. and Mrs. Frank Rader were victims of the Royal Neighbor's latest surprise party, which occurred last Friday evening.

Dwight S. Hamilton and Miss Pearl Blake, both of Peocatonia, Ill., were married in that city on April 11. Mr. Hamilton is well known here and his many friends extend hearty congratulations.

One day last week Arch. Woodard's horse ran away, smashing the buggy shafts and four dozen hen's eggs, which were under the seat. In view of the fact that it was just before Easter the loss has an additional significance.

George Dean has moved to this village and occupies the Guest house on Quality Hill.

George Montgomery has been here for the past few days.

Ben. Livingston has moved into the tenement house on the Van Tassel farm, vacated by George Dean.

Dan Woodard is home from Ann Arbor college for a few days' vacation.

There is a young son out at Henry Reiner's, born April 12.

### FOOTVILLE.

Footville, April 19.—On Friday, April 19, at his new home in the residence of Peter Murphy, Ben F. Davis passed, from this life. He had been sick but a few days but the disease, typhoid pneumonia, fastened securely upon him from the first. In Mr. Davis the community loses a respected, congenial citizen and a competent business man. He leaves a wife and three brothers to mourn their loss. The funeral was held from the Methodist church Monday at 12:30 and the body interred at Rockford, Ill., Rev. H. C. Logan officiated. J. G. Davies and wife of Milwaukee, William Davies and wife and Thomas Davies of

Berlin, and Miss Minnie Warner of Madison, attended the funeral.

Next Sunday will be Rev. Frank Mutchler's last Sunday on this charge.

Miss Anna Bailey spent last week with A. G. Henry and wife of Altoon.

Mr. and Mrs. W. H. Cory entertained a pleasant company at tea last Saturday in honor of Mr. and Mrs. Harry Snyder of Iowa.

Frank Pepper has purchased a fine building site from Mrs. Lucy Strang and will begin his new residence at once.

Drs. Albert Snyder, of Escanaba, Mich., and Mrs. George Snyder of Baraboo, were the guests of A. J. Snyder and Mrs. W. H. Cory last week.

Mrs. Emma Tollefson spent her spring vacation at home.

George Spoon has been quite ill with the gripe.

The Royal Neighbors will give a supper in the hall April 24. Tickets 15 cents.

If the few people who have side walks would either tear them up or repair them it would be a blessing in general.

## UNIQUE CLUB GAVE FIRST ANNUAL BALL

Party Held in the Armory Last Evening  
Proved to be Second to None—One  
Hundred and Fifty Couple.

Members of the Unique club have good reason to feel proud of their first annual ball which was held last evening at the Armory. It is only doing justice to the function to state that it proved to be one of the most delightful and enjoyable parties of the season. This being the club's first dancing party no pains or expense was spared to make it a success and those in charge did their work well. Members of the decorating committee left nothing undone. About the balcony railing an abundance of evergreen was arranged to give that portion of the hall an inviting appearance. In large letters in green were the words "Unique Club" woven in evergreen. Directly over the door was a three foot horseshoe woven in the same material.

The northwest corner of the hall was made inviting by the liberal use of comfortable chairs, banquet lamps and costly rugs. About the orchestra and in the balcony were potted plants, palms and cut flowers. In one corner of the hall banana, orange and pineapple frappe was faultlessly served by Fred Taylor. Each guest was presented with neat programs and a red carnation on entering the hall. At nine o'clock the first waltz was played and from that time till the 1 o'clock hour a good time prevailed. Prof. Johnny Smith and his excellent orchestra rendered music that always pleases the dancing public.

About one hundred and fifty couple were on hand last evening and every one remained till the last waltz was played. From start to finish nothing happened to mar the evening. Those in attendance are loud in their praise of the able manner in which the club conducted their party and will await with pleasure future dancing functions of a like nature.

The committee of arrangements consisted of Alfred Jerg, Ed. Amerpohl, James Riley, John Kemmett, George R. Kniff, Chas. Lagerman and Phil. Ohlweiler.

The floor committee was Charles I. Young, Edward Connell, Wm. McCue, Phil. Ohlweiler, Al. Jerg and Thomas McKieigue.

A very pleasant company of friends gathered on Wednesday last to assist Mrs. J. Hackwell celebrate the anniversary of her birth. A bounteous and tempting dinner was served by her daughter and a very social time enjoyed by all.

A. D. Clark and family ate dinner at B. Clark's of Richmond last Friday in honor of Mr. and Mrs. D. Worthington's second wedding anniversary. A party of ten enjoyed the festivities of the day.

The Easter services at the M. E. church on Sunday were exceptionally good and were conducted in a very orderly manner. The absence of applause was a most commendable feature for a Sabbath evening service, and the choir and children rendered a very appropriate program.

Dodge & Reed are paying ten cents for eggs and are receiving them in large quantities.

### CAINVILLE.

Cainville, Wis., April 19.—W. O. Cain, who has been sick for the past week, is improving. Mrs. Fred Wood was in town Wednesday. The Northwestern railroad is putting in a new bridge quarter of a mile west of the station. Mrs. E. D. Acherson and Miss Tillie Acherson of Magnolia went through town Wednesday. Warren Andrew is having quite a little wood sawed.

Remarkable Cure of Rheumatism.

Kenna, Jackson Co., W. Va.—About three years ago my wife had an attack of rheumatism which confined her to her bed for a month and rendered her unable to walk a step without assistance, her limbs being swollen to double their normal size. Mr. S. Maddock insisted on my using Chamberlain's Pain Balm. I purchased a fifty-cent bottle and used it according to the directions and the next morning she walked to breakfast without assistance in any manner, and she has not had a similar attack since.—A. B. Parsons. For sale by Smith's Pharmacy, kodak agents, next to post-office.

AMUSEMENT NOTES.

Many orders have already been placed for seats for Sol Smith Russell's great play "A Poor Relation" and it behooves all good people to be on hand early to secure their seats. Those who have seen "A Poor Relation" know what mirth is, but it is not at all certain that those who have not seen the play know very much about it. They may have laughed in some sort, but they may be sure that the great depths of the human heart, which has laughter, mirth and humor in its profoundest depths have never been stirred if they have not seen "A Poor Relation." The piece has also the advantage of being presented by a company of unusually high order, in fact the same company that supported Mr. Russell until his temporary retirement from the stage owing to ill health, and that was engaged by Manager Fred G. Berger to support Frank J. Keenan who was selected both by Mr. Russell and himself to play the part of Noah Vale. There will be no empty seats, empty hearts or empty eyes in the opera house tomorrow evening.

The advance sale of seats and boxes for the engagement, beginning Monday April 23 at the Myers Grand of Augustus Thomas new play, "Arizona" has begun. The play which has achieved the unparalleled record of a four months' consecutive run at the Grand opera house, Chicago, is said to be superior in point of literary excellence to "Alabama" which has already been given a nation's accolade as "The Greatest American Drama." Mr. Thomas has personally supervised the production of his newest work and has himself chosen the people for the important roles. Among them are: Eleanor Robson, Ethel Harrison, George Nash, Vincent Serrano, Theodore Roberts, Mattie Earle, Adora Andrews, Edwin Holt, Malcolm Gunn, Edgar Selwyn, Stephen French, Lionel Barrymore and Jane Taylor.

It is a long while since an audience left the opera house so thoroughly satisfied and cheerful as that which left last night after hearing a first-class, finished production of "The Village Postmaster." It was a delightful performance, realistic and artistic, and no praise bestowed upon either the play or the actors can be too strong. From Archie Boyd down to the—well there was no down to the—about it at all. Every member of the company was a star in his or her part. It was a well balanced performance, with comely, intelligent women and stalwart, manly men. Archie Boyd's peculiar, homely, honest humor was refreshing after the horse play so frequent on the stage. Little Leigh stood out prominently as an actress of experience and ability in her part of the wronged woman. The singing of the quartette was a feature, that was most delightful, receiving encore after encore. That was a rare soprano voice, such as one hears in dreams of long ago.

In almost every neighborhood there is some one whose life has been saved by Chamberlain's Colic, Cholera and Diarrhoea Remedy, or who has been cured of chronic diarrhoea by the use of that medicine. Such persons make a point of telling of it whenever opportunity offers, hoping that it may be the means of saving other lives. For sale by Smith's Pharmacy, kodak agents, next to post-office.

When my daughter was an infant she had a severe case of Scrofula, for which she was under the constant care of physicians for more than two years. She was worse at the end of that time, however, and we almost despaired of her life. A few bottles of Swift's Specific cured her completely, as it seemed to go directly to the cause of the trouble. I do not believe it has an equal for stubborn cases of blood diseases which go beyond the power of other so-called blood remedies. S. J. BOOKS, Monticello, Ga.

## THIS DAY IN HISTORY.

1719—David Bradford, famous historian to the Indians, born at Haddam, Conn.; died 1747.  
1736—Prince Eugene of Savoy, famous commander, died; Eugene was one of the greatest generals of modern times. He fought under an alien flag over 30 years, that of Austria. Louis XIV, who had repudiated his early ambition and caused him to enter the Austrian service, offered him a marshal's baton in vain. In co-operation with Marlborough he won many great victories over the French, particularly at Blenheim, Austerlitz and Malplass.

1808—Charles Louis Napoleon Bonaparte, known in history as Napoleon III of France, born in Paris; died at Chislehurst Jan. 9, 1873.

1827—General Richard W. Johnson, U. S. A., retired, died in St. Paul.

1836—Senor Bernabe, Spanish minister to the United States, took his passports and left Washington for Canada.

1859—M. Edmund Jules Henri Pailleton, French poet and dramatist, died in Paris; born 1831.

## WILL SWEEP THE STATE

The South Milwaukee Journal commends Senator Whitehead to its readers in this language: The Journal takes great pleasure in the advocacy for the nomination for governor of Wisconsin, of the gentleman whose name heads this article. Born and reared to man's estate on a neighboring farm in Montgomerie county, Ill., the senior acquirer of this paper is more intimately acquainted with him and his family history than any other person not having life opportunity. By his own personal efforts he has risen to prominence in this state, where he has been elected to the position of state senator. If the republican party is fortunate enough to nominate Mr. Whitehead as their gubernatorial standard bearer, they will be favored by having a gentleman at the head of the state ticket above reproach and one whose administration of state affairs will be carefully and systematically carried out. His standing in social and political circles is one of the highest order. He is backed by a large percentage of the republican members who served with him in the legislative halls of the state, which shows that he is a man of unquestioned integrity, well qualified to fill the chair of chief executive of the grand state of Wisconsin. He is a safe man to nominate, and if he is nominated, he will sweep the state like a cyclone.

**EDROOZ**  
E. Benjamin Edrooz, as the Chicago Tribune says, has resigned his position as superintendent of the Chicago schools, and will go to the University of Nebraska. Thus does poetic spelling get a death blow in Chicago.

Oshkosh Northwestern—It is announced that the Milwaukee & St. Paul road is building a connection between Nippaun, Ill., and Janesville, Wis. After Nippaun, Oshkosh is perfectly willing to take a back seat, and Kalamazoo and Mauch Chuck should have their names changed by act of the legislature.

La Crosse's common council has ordered forty blocks of brick pavement under the general charter law provision in force in Janesville and but few property owners object to paying for it. Good streets are the best investment that a city can make, and brick pavement certainly fills the bill.

Janesville should make the most of her opportunities. Her people should unite to secure new industries. Other cities are forging to the front and Janesville should not be left in the rear guard.

At a meeting of stove makers in Chicago, it was decided to advance the price of all stoves 5 per cent. Wouldn't that beat you?

Racine county is solid for Congressman Cooper, while La Fayette county country instructed her delegates to support him.

Price county has declared for Hon. Isaac Stephenson for delegate-at-large to the National convention.

A New York restaurant waiter has alien hair to \$200,000. "Everything comes to be who waits."

Oshkosh has again come to the front. A man shot an alligator in a creek near that city the other day.

D. K. Jeffris' big factory continues to expand. Mr. Jeffris' faith in Janesville is unbounded.

Mrs. Dewey is certainly no Mark Hanna.

Talk and work for Janesville.

Will of Philetus Sawyer

Oshkosh, Wis., April 20—The will of the late Philetus Sawyer was filed in the county court yesterday afternoon. The estate is estimated to be worth over

\$3,000,000 and all goes to the family with the exception of \$10,000 which is left to the Ladies' Benevolent society of Oshkosh.

## KHAKI AND ITS INVENTOR.

Something About the Shade Just Now So Fashionable.

To the observer of fashion and fashion's changes the great popularity of khaki cloth must be apparent. All the new gowns that will permit of its introduction have some of it used in the trimming, and the most stylish of all are made entirely of the shade.

It is interesting to know just what the Persian word means and how it was introduced into the world of fashion. There is a mistaken notion that prevails concerning the word applied to the dust colored uniform that our soldiers adopted when ordered to the southern fields of battle, which is that khaki refers to texture or material, when it is synonymous of color only.

Khaki—which, by the way, is the only way of spelling the word, notwithstanding the many ways that are attempted—signifies dust color. It is

COLONEL DULIER.

therefore quite proper to speak of khaki cotton, khaki silk, khaki dog, or khaki anything so long as it is khaki colored. Khaki is "dust color." It has absolutely no other meaning.

The claimant of the honor for inventing the khaki is a Belgian engineer, Colonel Dulier, who has spent many years in service with the English army in Egypt. It was wholly by accident that he fell upon the usefulness of the color. Far from home and a supply of cloth out of which the regular uniforms of the English army were made, all his wardrobe was stolen. The only cloth to be found on the spur of the necessity was khaki, but even that was good to find, and by the assistance of an Egyptian tailor a uniform was constructed that attracted the attention of the officers under whom he was serving.

Colonel Dulier still has in his possession the first khaki coat ever worn by a soldier. The fact that it so nearly matched the color of the soil of Egypt was soon recognized and that it rendered its wearer less conspicuous as a target for the enemy's bullets forced itself on the attention of the authorities, and it was soon generally adopted.

English chemists made many attempts at copying the color used by the Persian soldiers, the results of which were never very successful. Although the desired shade was easily found, the lasting qualities were not readily obtained. The shade was not "fast." Consequently the first visit of the garment to the laundry invariably resulted in reducing the garment to its original unbecoming condition. This was very inconvenient, as it necessitated redyeing after each laundering, a matter of considerable expense and great inconvenience.

As it is to be supposed, new experiments were made from time to time, with more or less satisfactory results, but in every case two or three applications of common washing soda had the effect of restoring the material to its original color. But at last the mystery of the secret by which the desired tint could be "fixed" was discovered by a Manchester dyer.

Like all industrial discoveries, this one was only accomplished after much expenditure of time and energy. After many fruitless attempts the chemist had almost given up in despair, when in sheer desperation he tried a composition which it seemed would have to add another failure to the already long list of his predecessors. Contrary to all expectation, the result proved the crowning success of his efforts. The tint produced defied the severe tests to which it was subjected. A large cotton manufacturer was communicated with, and many thousands of yards were promptly dyed fast khaki. From that time on the army factory at Pimlico was supplied with miles of khaki cotton to make into clothing for the soldiers.

Despite the success in fixing the color on cotton, the fastness of the color when applied to woolen goods was not so satisfactory, and even yet it often happens that a shower of rain will make a khaki uniform of serge quite useless. Experiments are still being made daily in the hope that something will be found that will overcome the obstacle.

In connection with the foregoing it can hardly seem necessary to warn the fortunate possessor of a khaki Easter gown to beware of April showers.

This Store is the Center of Attraction For All Well Posted Buyers.

They have learned by past experience that we show all the desirable new things in dry goods as soon as they are brought out, and that we do not tack on any fancy prices just because we are in the lead of our competitors. Our spring stock is an exposition of the latest and best ideas in dry goods. The same goods that the largest city retailers are showing may be seen here at less than city prices. Everything is in favor of the customer here. That's why this store is popular.

## Millinery Leadership....

## SCHWANKEY WANTS DAMAGES FROM CITY

### ANOTHER ONE OF THOSE SIDE-WALK FALLS.

**Alleged Defective Sidewalk Located in Front of One of the Premises at 303 South Franklin Street—No Amount Stated in The Papers Served on City—Fethers, Jeffris & Mout, Attorneys**

Ferdinand Schwankey, a resident of this city, wants damages from the city of Janesville for alleged personal injuries received by falling on an alleged defective sidewalk. The amount wanted is not stated in the papers filed nor are the extent of injuries stated. Fethers, Jeffris & Mout are the interested attorneys. Schwankey alleges that the injuries were received on April 5, 1900, in front of the premises at 303 South Franklin street known as lot 33, Smith, Bailey & Stone's addition. The papers filed with City Clerk Badger state that the fall was the result of rotten and decayed stringers and boards.

## MRS. A. C. NEVILLE DELIVERED LECTURE

**At the Sunday School Rooms of the Congregational Church This Afternoon—Many Ladies Attended.**

Mrs. Arthur C. Neville of Green Bay, Wis., president of the Wisconsin State Federation of Women's clubs, delivered a most interesting and instructive address this afternoon at the Sunday school rooms of the Congregational church. The lecture was held under the auspices of the Janesville Art League and the Athena club. Club women of the city were in attendance in goodly numbers the address being along the line of work taken in hand by the woman's clubs of today. Mrs. S. B. Lewis rendered a vocal selection and a reception followed.

## TOCACCO BUSINESS CONTINUES QUIET

### FOUR HUNDRED CASES SOLD BY BELOIT DEALERS.

**Janesville Dealers Have Had a Quiet Time of It of Late—Many Warehouses Continue To Keep in Operation—Prices Remain About the Same—Growers Begin to Sow Seed**

The tobacco business as regards the movement of the '99 crop, continues uninterrupted about as for several weeks past. The remnants are being taken up much more closely than for many years past, with the prospect that the country will be almost entirely bare before the packings are made up. One dealer reports he was able to find but three crops unsold in canvassing three different townships. Prices remain about as heretofore reported, says The Wisconsin Tobacco Reporter.

Information reaches us that P. H. Crahen of Beloit has disposed of 4000s of his '99 packing, the first sale of any importance made public.

The market for old leaf partakes somewhat of the general dullness prevailing in the east, owing to so many strikes and lockouts with the large manufacturers. C. L. Cullen reports a moderate sale of '98 and Geo. Rumrill a 44cs lot for the week.

A good many warehouses are still operating at the packing points, some of which will continue to handle tobacco well into June.

The growers have commenced to sow their seed beds for another crop and the return of warm weather gives encouragement of an early starting of the plants.

## ISABEL BUSINESS BOOMING

**W. J. Owens, Iowa Salesman, Pays a Visit to the Local Factory**

W. J. Owens, salesman for the Isabel Manufacturing company of this city, is now in Janesville on business with the local company. Mr. Owens reports a brisk trade in all portions of his territory. Today the Isabel company received from their Wisconsin salesman, B. L. Watt, one order calling for several hundred garments coming from an enterprising firm in one of the live Wisconsin cities near the Wisconsin-Michigan border line.

A delicious morsel in the musical farce "A Wise Woman" is the introduction of a quaintly melodious Southern "crooning" song and lullaby done by Miss Marie Lamour. The music of this number is said to be extremely catchy and easy to remember, and so popular does it immediately become that it is whistled and hummed by all the small boys and many of the big ones wherever the play is produced.

## NEWS OF A PERSONAL NATURE

MR. ARTHUR, an Edgerton merchant, was in Janesville today.

RAY STEWART has been added as clerk at Carrier's cigar store.

## FOR THE WEST'S WELFARE.

**Great Projects Indorsed by the Trans-Mississippi Congress.**

Houston, Texas, April 20.—When the morning session of the trans-Mississippi congress opened the committee on resolutions reported favorably resolutions introduced at previous sessions on the following topics:

Improvement of the consular service. Admission of territories as states. For laws prohibiting food adulteration. For a governmental department of mines and minerals. Favoring improvement of Galveston harbor and the Brazos river. Extending the jetty system at the mouth of the Mississippi. Establishing deep water at Houston. Building of a Pacific cable. A school of mines. Appropriation for the St. Louis world's fair and schools and asylums in the Indian Territory. The committee's entire report was received and adopted.

After the presentation of a number of new resolutions addresses were made by many of the delegates.

George Q. Cannon of Utah delivered a brief address on beet sugar. John W. Springer, president of the National Live Stock association, read a paper on the "American Stockman," dealing with the progress of the business.

Dr. G. H. Tichenor of Louisiana spoke on the "Water Ways." Courtney De Kaib of New York made a strong plea in favor of "A Free Nicaragua Canal," declaring that the Clayton-Bulwer treaty and the Hay-Pauncefote agreement should be set aside and the canal built by the treaties in force between Nicaragua and the leading powers of the world.

E. B. Perkins of Dallas, Texas, spoke on "Statehood and the Responsibilities of Citizenship."

Charles A. Prouty of the interstate commerce commission read a paper on "Freight Rates." Other addresses were made by Col. John B. Weber of Buffalo, N. Y., on the pan-American exhibition to be held there; J. N. Lowe, on the "Nicaragua Canal," and Thomas L. Cannon of Missouri on "Popularizing the Great West." Cripple Creek, Colo., was selected as the next meeting place.

## BEGIN TO PLAY BALL

**Vast Crowds Attend the Opening of the Season—Game Has Lost No Attractions.**

The baseball season was opened yesterday with fine weather in the various cities where games were played. That the game has lost none of its old-time attraction is evidenced by the vast crowds who swarmed to the grand stands and bleachers, and the cordial reception to the old favorites. The total attendance at the first National league games was 52,000.

The results yesterday were as follows: National League: Chicago 13; Cincinnati 10; St. Louis 3; Pittsburg 0; Brooklyn 3, New York 2; Philadelphia 19, Boston 17.

American League: Buffalo 9, Detroit 6; Minneapolis 9, Kansas City 8.

## HOWE BROS. ERECT ANOTHER BUILDING

**Will Adjoin Present Structure and Front on West Bluff Street—Used For Storage.**

This spring Howe Brothers, proprietors of the Rock River Cotton company, are to erect another large factory building in connection with their North Franklin and Wall street plant. The new building will adjoin their present three story and basement structure at the corner of Wall and North River streets. It will occupy the ground where for years has stood the Alex. Stanger dwelling. The building will be a model brick to be used for storage purposes. The contract has not yet been awarded.

## THOUSANDS OF JAPS COMING.

**Great Influx of Laborers Reported at Western Ports.**

Tacoma, Wash., April 20.—By Saturday night more than 5,000 young Japanese laborers will have landed on Puget sound. They were brought by the steamer's Goodwin, Rio Jun Maru and Miles, now in, and the Bramar, now due. An officer of the steamship Goodwin says that emigrant agents and companies of Japan intend shipping not less than 40,000 to 50,000 more Japanese to the Pacific coast during this year. By means of letters and pictures from America they hold out strong inducements to the sons of farmers, until the youths possess a mania to emigrate to the "land of gold." Their fathers are induced to pay \$30 each to ship them across, of which half or more is profit. Each Jap is furnished \$20 to show the immigration inspectors on arrival here, this sum being subsequently returned to the emigration agents. The present wave of Jap immigration is heightened by the fact that the shipment of laborers to Hawaii and Mexico and Peru has temporarily stopped. The labor unions of Puget sound and California have commenced a campaign to bring about the exclusion of Jap laborers.

## Barge Captain Is Murdered.

New York, April 20.—Capt. William Biddlecum of the coal barge Ivy, lying in the Lehigh Coal company's dock, foot of Hudson street, Jersey City, was found murdered in his cabin. He had been dead about forty-eight hours. The body was lying on the bunk, and on the floor close by was a double-edged ax covered with blood. Biddlecum's skull was split open. There was no indication of a struggle. The motive is believed to have been robbery. It is said Biddlecum carried large sums of money with him at all times. He was 70 years old, and is supposed to have lived at South Amboy, N. J.

## May Nominates Chinaman.

Toledo, Ohio, April 20.—A petition is out for Joe Quong, a Chinaman, as a candidate to fill a vacancy in the board of councilmen from the Thirtieth ward. Only fifty names are required, and he already has over forty. He is not naturalized, and should be nominated in a spirit of fun and partial revenge under existing conditions in that ward legal complications may follow. A move was made to nominate him at a caucus, but the caucus was called off at the last moment when it was discovered that certain legal formalities had not been complied with.

## Acid Throwers in Chicago.

Chicago, April 20.—Four expensive gowns ruined by sulphuric acid are evidence to a quartette of theatrical women that they are the objects of some one's spite or of a mania that has taken a peculiar and mysterious form. The young women are Kathryn Osterman, Ethel Levy, Dorothy Drew and Mrs. Harry Watson.

## Noted Piano-Maker Is Dead.

New York, April 20.—Napoleon J. Haines, aged 76 years, one of the organizers of the Union Dime Savings bank and of the Fifth National bank, and founder of the piano firm of Haines Brothers, died suddenly of apoplexy. He was the inventor of several improvements in piano-making.

## Killed by His Son.

Anderson, Ind., April 20.—John Podmore, 54 years old, was shot and killed early this morning by his son, Thomas Edward Podmore, aged 20. The son claims he killed his father to save his mother's life and his own, as both of them had been attacked by the elder Podmore with a hatchet. Mrs. Podmore had filed suit for a divorce. Podmore was a skilled rod-mill worker. The son is in jail.

## Murdered at a Dance.

Natchez, Miss., April 20.—Early this morning Ferman J. Millette killed Le-sury Schuchs. The men quarreled at a dance and Millette drew a dirk and stabbed Schuchs to the heart. Millette is manager of the stationary department of a large drug store here. He has not been captured. Schuchs leaves a widow and three children. Both young men are prominently connected.

## One Life Was Lost in Fire.

New York, April 20.—It was discovered today that the fire which destroyed the bedstead and mattress factory of Charles P. Rogers & Co. in West Eighteenth street resulted in the loss of one life. While exploring the building early today the body of Henry Hughes, a cotton picker, was found under a bale of cotton weighing 700 pounds.

## GEN. CARRINGTON AT BEIRA.

Boers May Have Gone to Intercept Him.

London, April 20.—The arrival of Gen. Carrington at Beira, Portuguese East Africa, and a reiteration of the report that the Boers intend blowing up the Johannesburg mines are the only items of news that mark today's war cables. Weeks must elapse before Gen. Carrington will be able to concentrate his force on the borders of the Transvaal or approach Mafeking. According to a rumor in circulation at Lorenzo Marques, a Boer force has been sent to intercept Gen. Carrington, but it is not thought to be of sufficient strength to cause anxiety. The Natal Mercury is responsible for the renewed fears concerning the mines, printing accounts from newly arrived refugees saying elaborate preparations for the destruction of all the Johannesburg shafts have been carried on under the supervision of the state mining engineer, who is alleged to have requisitioned all the copper wire in town for the purpose of making connections. The Bloemfontein dispatches remain full of trivial details, but are absolutely silent as to the future. According to a dispatch from Ladysmith, dated today, the Boers are much disconcerted by the present condition of affairs. Their fortifications and forces, numbering about 15,000 men, are spread over ridges in contemplation of a British advance through the Wasch-bank valley, north of Ladysmith, which has not been occupied. The Boer patrols are very active and constantly laying traps. A proclamation issued at Cape Town today allows trading between Cape Colony and the occupied portions of the Orange Free State to be resumed. A patrol of Cape police near Boshof yesterday captured two Boers, oxen, some wagons and 200 head of cattle. Two Germans who recently arrived at Cape Town have been sentenced to a year's imprisonment for having suspicious possession of 100 rifles and 600 cordite cartridges. A dispatch to the Daily News from Cape Town says: "A gentleman just arrived from the Transvaal assures me that not a single gun remains in the Pretoria forts."

## Kumasi Is Closely Invested.

Accra, April 20.—News has been received from Sir Frederick Hodgson, the governor of the Gold Coast colony, that Kumasi is closely invested and that the situation has become acute. He asks that all available troops be sent at once, and adds that matters will assume a serious phase if relief is delayed.

## The Remains of Paul Jones.

The remains of Paul Jones, the American sailor of the revolutionary war, having been located in an obscure Paris cemetery, which has long since been built over, a desire has been expressed to have the remains, if they can be located, removed to the United States. But the American colony in Paris has another plan. If Washington consents, it intends to buy the ground, remove the encumbering houses, and create a public square. Over the grave of Paul Jones it would erect a monument—a symbol of the old friendship of the two republics. In view of the object, the cost would be insignificant. The Paris authorities have intimated that they will gladly second the project. Long ago they named streets after Washington, Franklin and other American heroes. "Paul Jones Square" would be a worthy addition to the list.

## TAKES A HIGH PLACE

Stands Well in the Estimation of the People.

Attention is Naturally Excited When Anything is Praised by People Whom We Know.

A thing that stands high in the estimation of the public, and which is especially recommended by Janesville people; naturally excites our attention more than if our own people did not praise the article. Such a thing is going on right here in this city every day. People are praising Morrow's Kid-ne-oids because they cure. There is no deception, no humbug, they do positively cure, and we furnish the evidence.

Mrs. James Close, 8 North street, says:—"I have been troubled with kidney and liver complaint and constipation for a long time. I had severe pains across the small of my back in the region of my kidneys. I was so nervous I could not sleep. My liver was torpid and I suffered from indigestion and had such distressing pains in my stomach. I used different kinds of kidney remedies but did not experience much relief, until I commenced to take Morrow's Kid-ne-oids and Liver-ax. These grand remedies relieved me of all my former troubles."

Morrow's Kid-ne-oids are not pills, but yellow tablets, and sell at fifty cents a box at all drug stores and at The People's Drug Store. Mailed on receipt of price. Manufactured by John Morrow & Co., chemists, Springfield Ohio.

## The way we Look at it...

Carriages can be bought at prices which appear surprisingly low, but those who will take the trouble to examine the material and the finish will find that there is a vast difference between those vehicles and these we offer. The material throughout—wood, iron, leather, paint and rubber, is the best. There are no defects covered by a liberal use of varnish.

The Wagons are built for use and will stand plenty of it...

## Rich Beyond Question.

That sounds extravagant, but seeing is believing. All we ask is your presence here to prove entirely our assertions.

When on the subject of Carriages or Rigs of any kind

We have something of interest for you. Our new vehicles are creating a sensation, not only from the fact that they are the newest in design and style, but the prices are surprisingly low.
